2. IT Equipment & Acceptable Use

All full-time personnel receive a company-provisioned workstation (MacBook Pro or ThinkPad P-Series). Equipment is managed by IT via Jamf and CrowdStrike Falcon. Personal use is permitted for reasonable incidental browsing, but downloading unauthorized third-party binaries, running unauthorized tunneling daemons, or disabling corporate telemetry is strictly prohibited.

3. Travel & Expense Reimbursement Guidelines

Business travel meals are reimbursed up to \$85 per diem. Flight bookings exceeding 6 hours in continuous air travel qualify for Premium Economy. All expense reports must be submitted via the internal expensify portal within 14 calendar days accompanied by itemized receipts.

4. Security and Data Protection Standards

Employees must adhere to ISO 27001 data protection protocols. Customer PII and confidential trade secrets must never be uploaded to unapproved external cloud providers or public LLM tools.
